Dear Residents,

It is with much pleasure that I cite the many natural treasures, facilities and recreation programs that our township offers each year. Smithtown's parks, beaches, cultural and historic sites afford our residents access to some of the most beautiful areas that Long Island has to offer. Smithtown's stature as a beautiful town in which to live and raise our children continues today as strongly as it did in years past.

The Smithtown Recreation Department is pleased to continue offering on-line registration for all programs and encourages you to take advantage of this convenience. It is an excellent way to ensure that you will be able to enjoy your choice of the many programs available to our residents. Also, by utilizing many of our natural resources it affords residents the opportunities to pursue their favorite leisure pastimes, regardless of age or interest. I would direct your attention to Hoyt Farm Park in Commack, home of the Summer Concert Series, and our fine beaches in Fort Salonga and Saint James. In addition to these beautiful locations, we are fortunate to have a complete network of 20 neighborhood playgrounds and over 38 athletic fields for youth and adult recreation, as well as diverse cultural and historic sites.

We have water spray parks at Charles P. Toner Park in Nesconset, Veteran's Memorial Park in St. James and Hoyt Farm Park in Commack. These features are designed to make our facilities more enjoyable for all our residents.

The Recreation Department welcomes any suggestions and comments regarding programs. Please contact the Recreation Department at the Paul J. Fitzpatrick Municipal Golf Course and Pool Complex at 495 Landing Avenue, telephone 360-7644, or email [Recreation@tosgov.com](mailto:Recreation@tosgov.com). Information on parks and beaches may be obtained by calling the Smithtown Parks Department at 269-1122 or by visiting [www.smithtownny.gov](http://www.smithtownny.gov).

Sincerely,

# Proper Disposal of PAINT

Improperly discarded paint may stain roadways, harm wildlife, contaminate streams and pollute drinking water supplies. For this reason, liquid paint should never be poured into storm drains or placed curbside with your household trash.

The best way to deal with unwanted paint is to give it to someone who can use it. If that's not possible, paint should be solidified for disposal.

For paint cans with a small amount of liquid, remove the lid and allow the paint to dry for a few days in a safe weather protected location. When dry, double-bag the can in clear plastic and place it curbside for collection with your regular garbage.

For cans with too much paint to air dry, mix in sawdust or cat litter to solidify the paint. Double-bag the can in clear plastic and place it curbside for collection with your regular garbage.

Registrations received before this date will be processed after June 13. If you are unsure of your child's level, please sign up for the lower level. Pre-testing will be done in the pool during the early days of each session.

Parents are cautioned against registering a child for too high a level. Maturity, physical strength and mastery of basic skills are important considerations. Repetition of a swim level is not uncommon and is often suggested.

\*All 4 year olds must register for Level PS. Pre-School Aquatics.

\*\*Learn To Swim - Level 1 is intended for children 5 years and older.

**Junior Lifeguarding** (replaces GuardStart) This course is designed for youths 11 to 14 years of age, who have completed swim Level 6. **While this course does not certify participants to be a Lifeguard,** it builds a strong foundation of knowledge, attitudes and skill for the future. Due to course requirements, there will be a double-class each morning (8:30 - 10:25) — for a complete explanation please go to <https://apm.activecommunities.com/smithtown> or call the Recreation Department (360-7644) to request the separate description sheet for Junior Lifeguarding.
