### PHILOSOPHY

One of our primary goals is to help children realize that school is a "fun place" to be. Attention is given to the building of mutual respect and the enhancement of self-esteem. Age appropriate projects and activities are offered that allow children to achieve success, build a positive self-image while developing skills that will be needed in elementary school. The 4 year old program stresses readiness activities in preparation for kindergarten.

### PHILOSOPHY

Our philosophy is to offer a fun and informative approach that will encourage each child individually while presenting the classroom activities with a hands-on approach to learning. We offer 1/2 day, mini day and full day structured classes for our 2 , 3 and 4 year old children. A full curriculum is utilized in all classes that balances socialization skills and academics. Socialization skills such as sharing, playing cooperatively and following directions are learned and enhanced through our daily activities. Through all of the learning, our ultimate goal is to encourage each child to develop his or her own personality and special qualities and to become confident, self assured, happy students!

### PHILOSOPHY

At Briarwood Montessori School our goal is to make learning fun and exciting. We strive to foster the wonderful sense of discovery and surprise that is in all children. Our days are filled with activities that carefully blend play and learning, thereby creating a comfortable balance for children. The materials at our school are carefully designed to give each child the tools and strategies they need for success now and in the future. All of the classes are multi aged. Three and four year olds learn from each other and can easily progress at their own pace. Flexibility is a very important component. We believe that busy schedules of parents and children sometimes require special attention. We try to accommodate both the needs of the parents as well as the children, to create an environment that is successful for everyone.

### ADDITIONAL SERVICES

### PHILOSOPHY

At CFA it is our mission to provide your child with a safe, nurturing, learning environment that enhances their sense of self and makes learning fun. Our combined focus of socialization and academics will support an overall philosophy of "allowing children to be children". Our professional, experienced staff will see that your child has the opportunity to grow and learn in a well supervised, supportive setting with sensitivity and patience. Children will be encouraged to participate in all the interactive centers we have available in the classroom. These centers include our reading corner, computer center, arts and crafts, blocks and puzzles, pretend play and make believe, the outdoor playground and multi-purpose area. We provide each child with a comfortable, welcoming environment where they will have plenty of songs, play new games, interact socially with other children and have lots of fun!

### PHILOSOPHY

Childtime's program is designed to foster self-esteem, self-confidence, competence in self-help skills and those inner controls and language abilities necessary for effective social interaction. We stress the process of learning and discovery rather than the product. We encourage children to feel good about themselves as a consequence of their own achievements.

### PHILOSOPHY

Temple Beth David, a Reform Jewish congregation in Commack, New York, is home to the Early Childhood Learning Center (ECLC). The ECLC is a small, yet sophisticated program providing all children with the highest quality care available. As part of a larger congregation, children and families are able to join the Temple's clergy and other families to learn about and celebrate Jewish holidays. Our educational program is unsurpassed, utilizing a variety of methodologies to engage and excite all students. Each preschool class is led by a NYS certified educator. Accomodating the needs of today's families, the ECLC offers the added benefit of an on-site before and after care program. Currently the ECLC offers a music class for babies, a Movers & Shakers "Mommy & Me", a 2's, a 3's & 4's program, before and after care and a variety of enriching after school activities. From the moment your baby is born until the time they go into kindergarten, the ECLC has all you'll ever need. Come and see what we are all about and to schedule a private tour.

### PHILOSOPHY

Our goal is and will continue to be to provide a learning environment designed to meet the child's academic, social, emotional and physical needs. A child will learn skills for everyday living, sorting, grading, classifying - all of which lead to the development of writing, reading and a mathematical mind. The excitement of learning will be of the child's own choice.

## PHILOSOPHY

Our goal is to be a pleasant, friendly place for each child. They should be eager to come to school to learn and have fun. The happiness and well being of each child is of utmost importance to us. Our staff will, through the curriculum, provide each child with a positive self-image and a strong beginning toward independence. With this base, your child will grow both educationally and socially. Our programs are innovative, creative, fun-filled, active and comprehensive. The specific classroom activities for your child will depend on the age group and generally include: language arts, reading readiness and writing, computer skills, science units, social studies, music, arts & crafts, story time, cooking and daily outdoor play.

## PHILOSOPHY

At Kiddie Academy, we practice a child-led philosophy. We encourage children to explore and progress at their own pace, in their own style. When your child learns and plays in this manner, they are empowered to learn and grow socially, physically, emotionally and intellectually. The assortment of activities we provide through our curriculum, Life Essentials, is endless. At the center of our educational philosophy is an age appropriate curriculum, based on the individual needs of your child. We accommodate your child's ever changing needs, which means your child is taught based upon their own pace and potential, as opposed to an average of every other child in the classroom. Our teachers are trained and skilled at allowing children to learn in their own way at their own pace.

### PHILOSOPHY

Our teachers are trained, certified and experienced in the philosophy of Dr. Maria Montessori. The method of education is characterized by emphasizing self-directed activity on part of the child and clinical observation on part of the directress(teacher). Self correcting equipment is used and reading is taught via phonics. The "work" is hands on, which applies to all the senses. Vertical grouping (children of ages 2 1/2 - 5) work together in the classroom. It is recommended that you observe a class in session to understand the philosophy.

## PHILOSOPHY

Children are a gift from God, are to be treasured and nurtured in a way that is pleasing to Him. That is what we strive to do here at Nesconset Christian Preschool. Children need a place to grow, to develop social skills, large and small motor skills, to make friends, to be loved unconditionally. We are able to provide a solid educational foundation by teaching letters, numbers, shapes, colors, etc. in a fun, non-pressured environment. We take our responsibility very seriously and are proud of the many years we have been part of many children lives!

### PHILOSOPHY

New Discovery Early Childhood, Inc. was founded in 1983 in Kings Park. Facilities and staff are licensed by New York State Bureau of Early Childhood. New Discovery provides a warm and secure setting where children can flourish with the loving care of a dedicated staff. The goal is to provide the best practices for active learning and brain development. All staff are CPR, First Aid and AED certified. All teachers are MAT certified. Fenced outdoor playgrounds, fitness classes and a large indoor gym are used to promote health and physical fitness. Semi-private computer lessons are given to our 3 and 4 year olds as well as computers are available in the classrooms.

### PHILOSOPHY

Our nursery school was organized in 1973 as a non-profit, non sectarian nursery school with facilities for half-day and full-time programs. We are licensed by NYS to provide our early childhood programs all year round. Our curriculum is designed to offer a wide variety of experiences and materials for pre-school children to explore. A portion of each morning and afternoon is devoted to activities that foster each child's intellectual, emotional and social growth. We have a playground and an indoor gymnasium as well to help develop gross motor skills.

### PHILOSOPHY

We are a daycare center with a nursery school approach. Our program is based on the developmental needs of young children. Our activities include circle time, art, music, songs, musical instruments, movement activities, block building, cooking, water and sand play, puzzles, manipulative toys, games, stories, creative dramatics, puppets, story writing, science, number concepts and reading readiness. Socially we wish to promote a feeling of self-worth, recognize individual differences and the value of working together in a cooperative spirit.

### PHILOSOPHY

We provide a unique, hands-on, multi-faceted and age-appropriate learning program for young children. We believe young children should be living and growing, playing, thinking, and experiencing. We believe they should be learning all about the world, the objects in the world, the people in the world, how to use their bodies and minds effectively, how to interact with others. This is the time when the three-dimensional world should be explored and enjoyed-all at the individual child's own pace. Our program, rich in learning, is further enhanced by parent participation - an integral part of our program. Parents share many new experiences with their children, thereby beginning positive, home-school relationships critical to future school success. Together, St. Andrew's and parents have the pleasure of "being there" to launch our children both intellectually and socially on to the next level. Our website is [www.standrewscoopnurseryschool.com](http://www.standrewscoopnurseryschool.com).

### PHILOSOPHY

The Nursery and PreK programs at St. Patrick School in Smithtown offers a sterling academic program and curriculum that follows both New York State guidelines as well as the Diocese of Rockville Centre curriculum. Both programs promote self-awareness skills, social skills as well as reading and math readiness skills for PreK and Kindergarten. Building strong fine and gross motor skills are fostered through completion of various projects such as: painting, coloring, cutting with scissors and use of fine motor manipulatives. Both programs utilize "The Investigator Club" learning series. This is a hand-on learning program which makes use of reading, writing, math, science and technology learning centers and promotes fun hands-on learning. The programs have a SmartTable in the classrooms in which the children are exposed to hands-on computer-oriented learning. The Nursery program utilizes the "Writing Without Tears" Program as well. Children will learn social skills which is an integral component of the programs. Religion is a strong component of the programs and is incorporated into the day. The School has a beautiful playground as well. Play is a critical component of their growth and development. The Early Childhood programs at St. Patrick School balance learning with play so that children are prepared to succeed in their elementary years at school.

## PHILOSOPHY

We believe that children come first. Our goal in the Two's is to help the children separate from their parents and learn to play with others. They learn different themes - from seasons to colors. The Three's learn to recognize numbers and letters. Their curriculum is also theme oriented. The Four's learn a Pre-K academic curriculum in a fun and loving environment. Their lessons include "Handwriting Without Tears", Science, Math, Geography and Letter Recognition. We work on self-esteem at all levels. For more information, please call us.

### PHILOSOPHY

Tree of Life has an academic based program developed to meet the cognitive, social and emotional needs of every child. Children are encouraged to be independent and self assured. Fine motor, gross motor and cognitive skills are developed through various activities including arts and crafts, music, dance, writing, science, math, language development, reading readiness skills and special programs. Extra activities include: gymnastics, Pee Wee Pros and Yoga.

### PHILOSOPHY

We strive to deliver the finest childcare in accordance with our educational philosophy in a professional and secure environment. We utilize NAEYC standards and are NAEYC accredited. We believe that children learn through hands-on observation, exploration and play. We strive to ensure every child in our program experiences success. Success equates to a child feeling a sense of competency which increases their self esteem.

### PHILOSOPHY

VPPS is a New York State licensed pre-school. We offer a cooperative learning experience for 2, 3 and 4 year olds. Our curriculum follows Smithtown School District's criteria for children entering kindergarten. Our program is skilled based and hands on, encouraging academic development along with social and emotional growth in a challenging and nurturing environment. We strongly emphasize reading and writing skills, scientific exploration, curiosity and creative thinking. Our goal is to give the children the tools that they will need for a lifetime of learning.

## ADDITIONAL SERVICES

- summer program  childcare  
 transportation  programing for children with special needs

## PHILOSOPHY

Nursery School is the child's bridge carrying them from home into an organized school experience. The small class size creates a supportive, positive atmosphere. Here children experience a well planned program of play, art, musical and physical activities as well as a well-rounded program of literature and reading/math readiness activities. Children are encouraged to explore our world through field trips and special programs brought into the school. NOTE: 1 director and 4 aides "float" from room to room. All teachers are NYS certified. Wesleyan School is registered with the NYS Education Dept.
